

QUALITY POLICY

REINERTSEN shall deliver the correct quality, at the agreed time by working systematically according to REINERTSEN's management system.

In REINERTSEN Quality management is a line management responsibility.

REINERTSEN has a process based management system which shall be used by all employees.

REINERTSEN shall continuously develop its procedures and project execution methods, and ensure a high level of competence within the organization.

REINERTSENs goal is to achieve zero quality deviations in all of our activity.

The improvement system FEILFRITT shall be used actively to ensure continuous improvement.

REINERTSEN shall have a systematic and structured approach to risk management at all levels in the organization.
